

KW10K3

31mm Morse Taper Drill

Features

- 1100 W power pack extra long life motor with external access to carbon brushes for quick replacement
- Maximum torque up to 27 N-m for rigorous applications in material handling industry
- With vertical drill stand it converts into highly accurate bench drill
- Can be attached to the magnetic

Model No.	KW10K3
Specification	31mm Morse Taper Drill
Class of Tool	Single
Drilling Capacity in Concrete	--
Drilling Capacity in Wood	--
Drilling Capacity in Steel	31mm
Drilling Capacity in Aluminium	--
Power Input	1100W
No Load Speed	350rpm
Impact Rate	--
Net Weight	9.3Kg
Dimensions	500mm × 500mm
